

INSTITUTIONAL PRINTING

Om Muruga Printers

Digital & offset printing solutions for schools and colleges

A Division of Om Muruga Publication • Karur, Tamil Nadu

INTRODUCTION

Who We Are

Om Muruga Printers is the printing division of Om Muruga Publication — Karur's educational publisher. Every institutional order gets the same academic-sector discipline we apply to our own titles: board-aligned formatting, bilingual Tamil/English accuracy, and schedules planned around the academic calendar.

Our co-founder taught Mathematics for 35 years. Exam formats, paper handling, and what an institution actually needs come from decades in the classroom — not a supplier's spec sheet.

3+

Years in academic publishing

50+

Institutions trusted

40+

Order Completed

1,05,000

Sheets in a single bulk order

POSITIONING

Why Institutions Choose Us

01 Digital and offset under one roof

The method is matched to your quantity and cost — not to whichever press has spare capacity.

03 Lower than off-the-shelf paper

Custom-branded answer sheets typically cost less per sheet than ready-made paper bought retail.

02 Fluent in the academic sector

We set board-aligned bilingual content every day, so we aren't learning your requirements from scratch.

04 Production planned to your calendar

Exam season, admission season, annual day — each order is scheduled backwards from your date.

SERVICE RANGE

What We Print

Eleven services, one vendor for every institutional printing need.

Answer sheets & exam booklets	ID cards & hall tickets	Certificate printing	Registers & notebooks
Book printing	Admission brochures	Magazine printing	Catalogue printing
Poster & banner printing	Letterhead printing	Envelope printing	Design and formatting included

SECTION TWO

Built for Education

How the service maps to what schools and colleges actually order, term by term.

Printing Across the Academic Year

MAR – JUN	JUN – JUL	AUG – OCT	NOV – FEB	MAR – MAY
Admission season	Term opening	Exam cycles	Events season	Year close
• Prospectus & brochures • Application forms • Fee receipt books	• Notebooks & registers • ID cards & lanyards • Diaries & timetables	• Answer booklets • OMR sheets • Hall tickets	• Banners & stage backdrops • Invitations & passes • Sports & prize certificates	• Mark statements • Transfer & conduct certificates • Annual magazine

Institutions that share a yearly plan with us lock quantities and rates once, then draw down term by term.

SEGMENT ONE

For Schools

State Board, CBSE and matriculation schools — from unit tests to annual day.

Exam stationery

Answer booklets, additional sheets, graph and map sheets, OMR for model exams.

Study material

Question banks, worksheets and revision guides in Tamil and English, set to board format.

Certificates

Annual day, sports day, conduct and transfer certificates on 250–350 GSM board.

Records & registers

Attendance, CCE and internal assessment records, lab records, homework diaries.

Student identity

Photo ID cards, bus passes, hall tickets with roll number and barcode, name slips.

Office & outreach

Letterheads, circulars, envelopes, admission banners, school magazine and calendars.

SEGMENT TWO

For Colleges

Arts, science, engineering and polytechnic institutions — department to placement cell.

Semester examinations

Numbered answer booklets in sealed batches, OMR answer sheets, internal assessment sheets.

Admissions

Prospectus, course brochures, application kits, counselling-desk posters and standees.

Convocation & records

Degree and internship certificates, mark statements, consolidated grade sheets.

Laboratory material

Lab records, observation notebooks and journals with department-wise printed covers.

Accreditation documents

NAAC and NBA volumes, criteria files, AQAR reports — spiral, wire or perfect bound.

Departments & events

Conference kits, abstract books, badges, alumni magazines, placement brochures.

SPECIFICATION

Exam Stationery in Detail

ITEM	TYPICAL BUILD	RUN SIZE	METHOD
Answer booklets	8 / 16 / 24 pages, 60–70 GSM Maplitho, centre stitched, printed both sides	5,000 – 1,00,000	Offset
OMR sheets	90–120 GSM, registration-critical, custom size to your scanner	2,000 – 50,000	Offset
Hall tickets	Per-student data merge, photo and barcode, 120–170 GSM	100 – 5,000	Digital
Question papers	Confidential handling, sealed subject-wise packets, count reconciled	Per subject	Digital
Mark statements	Pre-printed shell plus variable data, 100–170 GSM bond	500 – 20,000	Both

PRE-PRESS

Bilingual, Board-Aligned Formatting

அ / A

Tamil and English typesetting

Correct Unicode Tamil, matched line lengths for parallel-column papers, and proofreading by people who read both.

Format

Board and university templates

Mark distribution, part-wise sections, instruction blocks and margins set the way your board or university prescribes.

Proof

Nothing prints unapproved

A physical sample on the actual paper, signed off by your coordinator, before the run opens.

No print-ready artwork? We design and typeset it — the same team that produces our published titles.

TRUST

Handling Exam Material

One point of contact

A named coordinator handles your files start to finish. Question papers never circulate internally.

Counts reconciled

Delivered quantity is tallied against the order, with overs and spoilage accounted for in writing.

Sealed, labelled batches

Packed subject-wise and date-wise, sealed and labelled for direct handover to the exam hall.

No subcontracting

Confidential jobs run on our own presses. Nothing leaves the premises before delivery.

METHOD

The Right Method for Every Order

Digital printing

Best for 1 – 2,000 copies

- No minimum quantity
- Every copy can carry different data
- Fastest turnaround on short runs

Certificates, ID cards, hall tickets, mark statements.

Offset printing

Best for 2,000+ copies

- Lowest per-unit cost at volume
- Consistent quality across long runs
- Built for exam-season bulk

Answer sheets, notebooks, registers, prospectus.

We recommend the method per order — and a single job can split across both.

MATERIALS

Paper Chosen From Experience

Maplitho	54 – 70 GSM · Exam sheets & textbooks
Cream wove	44–70 GSM · Mass-market notebooks
Copier / bond	65–100 GSM · Admin & correspondence
Art paper / board	90–350 GSM · Certificates & covers
Specialty & kraft	60–250 GSM · Registers & logs

35 years in the classroom

P. Puvaneswara taught Mathematics for 35 years before co-founding Om Muruga Publication. Paper judgement here comes from decades of actual classroom use — how a sheet takes ink, holds up to marking, and survives a school bag.

PROCESS

From Requirement to Delivery

1

Share requirement

Item, quantity and timeline by WhatsApp, phone or form.

2

Get matched quote

Digital or offset recommended, with transparent per-unit pricing.

3

Approve proof

We design and format if you have no print-ready artwork.

4

Receive on time

Delivered on schedule, planned around your academic calendar.

CASE STUDY

Proven at Scale

Bulk answer sheet printing — Renowned CBSE High School, Hosur

1,05,000

Sheets printed

2

Custom sizes

70 GSM

Maplitho paper

On time

Exam-week delivery

The school needed 1,05,000 answer and OMR sheets — 60,000 at 32.4×19.8 cm and 45,000 at 22.6×29.2 cm — printed front and back on 70 GSM Maplitho, against a fixed exam date with no room to slip. Once the sample was approved we moved straight into full offset production and delivered the complete order on schedule.

CASE STUDY

Semester Exams, Two Campuses

Numbered answer booklets — Arts & Science college, Namakkal

48,000

Booklets printed

16 pp

Centre stitched

9 days

Order to handover

1,200

Sealed batches

The examination cell needed continuously numbered booklets for two campuses writing the same papers on the same dates. We printed the run on 60 GSM Maplitho, numbered the covers in a single pass, then packed 40 booklets per sealed batch labelled by campus, hall and session — so the controller's office could sign for material without opening a single packet.

CASE STUDY

Prospectus Before Counselling

Admission kit — Engineering college, Erode

12,000

Prospectus copies

32 pp

Four colour, 300 GSM cover

7

Department inserts

72 hrs

Digital top-up reprint

The bulk prospectus ran offset ahead of counselling, while the seven department inserts were kept as separate signatures. When two courses were approved late, we reprinted only those inserts digitally in 72 hours and re-bound the remaining stock — no reprint of the full book, and nothing wasted.

CASE STUDY

Term Stock, Branded and Cheaper

Notebooks & registers — Matriculation school, Karur

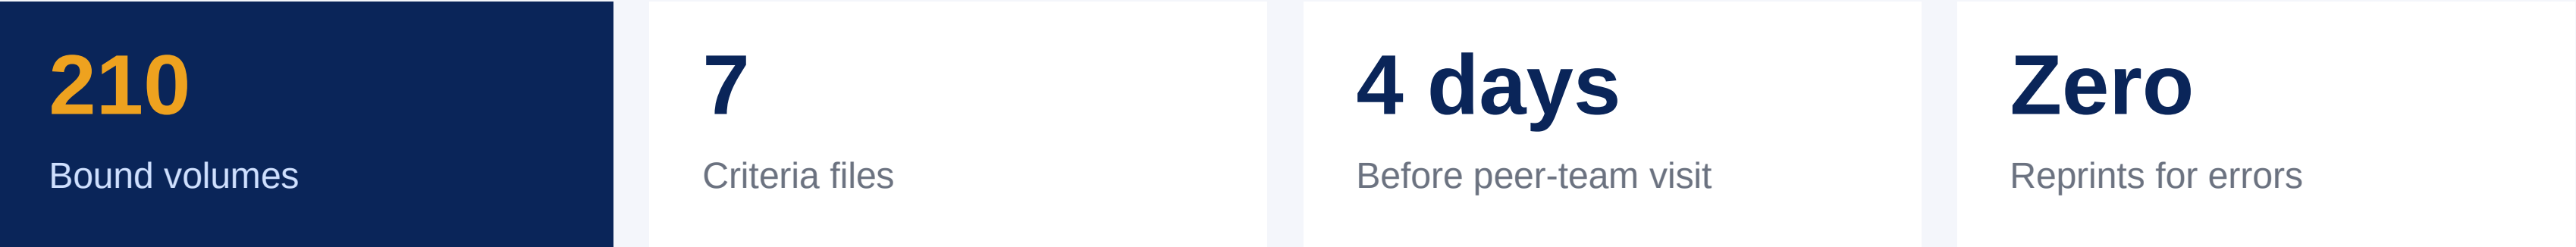

The school was buying notebooks and attendance registers off the shelf every June. We printed the full term's stock on cream wove with school-branded covers, ruling and page counts set per class, at a lower per-unit cost than the retail stock it replaced — delivered in three lots so the store room never had to hold all of it at once.

CASE STUDY

Accreditation Volumes on Deadline

NAAC documentation — Autonomous college, Salem

The IQAC sent seven criteria files as separate documents, still being revised. We locked a single template for margins, headers and tab dividers, printed each criterion only after the coordinator signed its final proof, and delivered 210 wiro-bound volumes with matching spine labels four days before the peer-team visit.

CASE STUDY

Annual Day, Named and Ready

Certificates & event collateral — School group, Dindigul

6,500

Named certificates

3

Campuses served

300 GSM

Art board, matt laminated

1

Vendor, one invoice

Three campuses shared one annual day. We digitally printed 6,500 certificates with student name, class and prize merged from their spreadsheet, and produced the stage backdrop, invitation cards and entry passes in the same order — sorted campus-wise and class-wise so nothing had to be re-arranged on the day.

PEOPLE

Our Leadership

P. Puvaneswara

M.Sc., B.Ed., M.Phil. — Co-Founder

35 years teaching Mathematics — 20 years at TNPL Matriculation Higher Secondary School and 15 at Government Matriculation Higher Secondary School. That classroom-tested reading of exam formats and paper quality shapes how every order is handled.

NEXT STEP
